Library Updates

- New Book Depot opened in April
- Opened Diplomatic Channels with Springer Publishing
- 10% Decrease in Cease-and-Desist letters from last year
- According to the tax audit we have 10 active accounts!

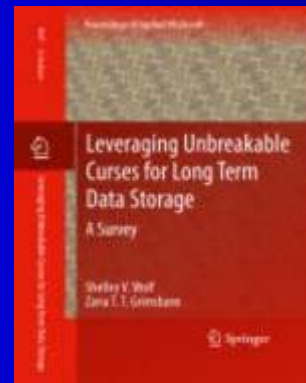

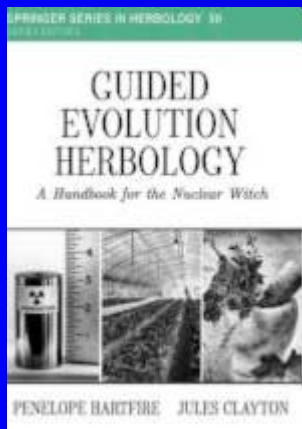

eBook Acquisitions

- Many new books obtained this year through PORTAL
- Some books were confiscated by *Organizations Outside Our Influence (O3I)*
- Lost most from the 5k Springer Dat72 Collection
- Otherwise a great haul!

Most Popular eBooks 2017

1. Guided Evolution Herbology
2. Leveraging Unbreakable Curses [...]
3. Intro to Precognant Scheduling

Demoscene Updates

- First submission to Pouet
- 256 bytes of raw 64-bit glory
- Contains a secret easter egg!
- Just small enough to be transferred over the course of a month thru River Basin Network Architecture

```
///// Welcome to a sizedcoding demo by /////
```

Connecting your world, whenever!™

```
"ultra.VIOLET: Advanced Mach-10 Racing"
```

```
An audio demo in 256 bytes  
for x86-64 linux
```

```
code and music by blackle mori
```

```
///// A Note: //////////////////////////////////////
```

```
Holy shit this nfo file is already bigger  
than the demo! what the fuck!!! Last time I  
tried this I couldn't get my program less  
than 2k! but I kept trying and here we are!
```

```
I actually have 17 bytes leftover after  
optimizing, so I used them as a little  
watermark "tag" type thing of my username.  
Try using `hexdump -C` to see the text that  
I hid inside this demo! {^wv^}
```

```
///// Dependencies: //////////////////////////////////////
```

```
- linux  
- aplay (if you run ubuntu or debian this  
should already be installed)
```

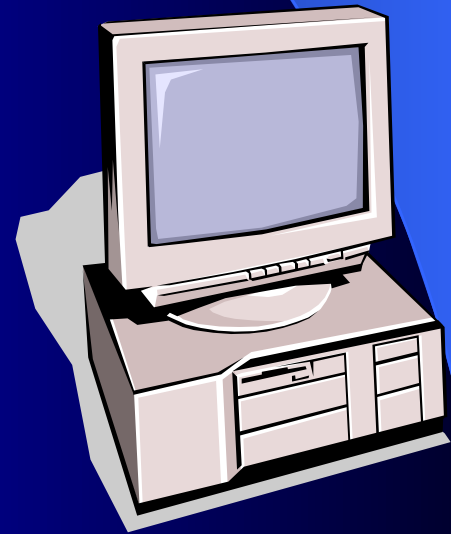

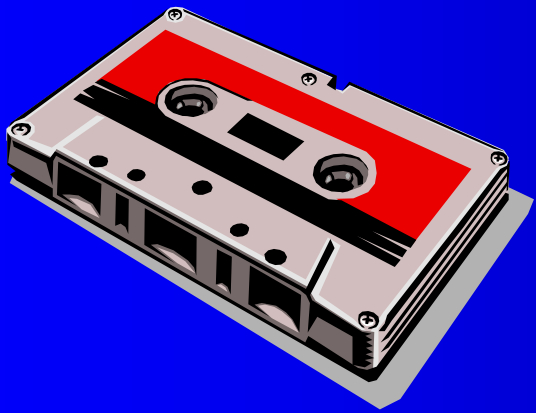

```
///// Instructions: //////////////////////////////////////
```

```
Execute from your terminal, it plays on a  
loop until you ctrl+c! Also, set your comp  
volume to ~30% because it runs loud!
```

```
///// Please Enjoy! //////////////////////////////////////
```

2018 Promotional Initiatives

- SSTV Cassette Tape Dead Drops
- Suricrasia Globe Stickers
- Possible Attendance at Revision 2018

Here's to a "Great Year!"
